

# Toilet Roll Bunny

## You will need:

- Toilet paper roll
- Piece of black card
- Small piece of white paper
- Bunny Template
- White glue (such as PVA)
- Glue spreader
- Plate for glue
- Scissors
- Black felt tip
- Pencil
- Wrapping paper or coloured paper (optional)
- 2 googly eyes (optional)

## What To Do:

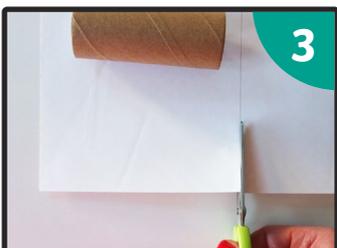

In preparation, print out the Bunny Template. Please note: If you feel confident drawing the template shapes out yourself you can skip this step.

Place the toilet paper tube on to the wrapping paper or coloured paper.

Starting at one end of the paper, roll your toilet paper roll over the paper and mark with a pencil how much paper you need to cover your tube.

Using the scissors, carefully cut the piece of wrapping paper to size, making sure that you allow for an extra 2cms to fold into the tube.

Glue the wrapping paper on to the tube. Next, gently fold down the excess paper into the centre of the toilet paper roll.

Carefully cut out the bunny's cheeks, feet and ears from the Bunny Template, or draw and cut your own onto card and cut them out.

Glue the googly eyes on to the tube. If you don't have googly eyes, you can use the eyes from the Bunny Template, or draw your own.

Carefully cut out a nose and 6 whiskers from the black card. If you don't have black card, you can use the Bunny Template or draw them on.

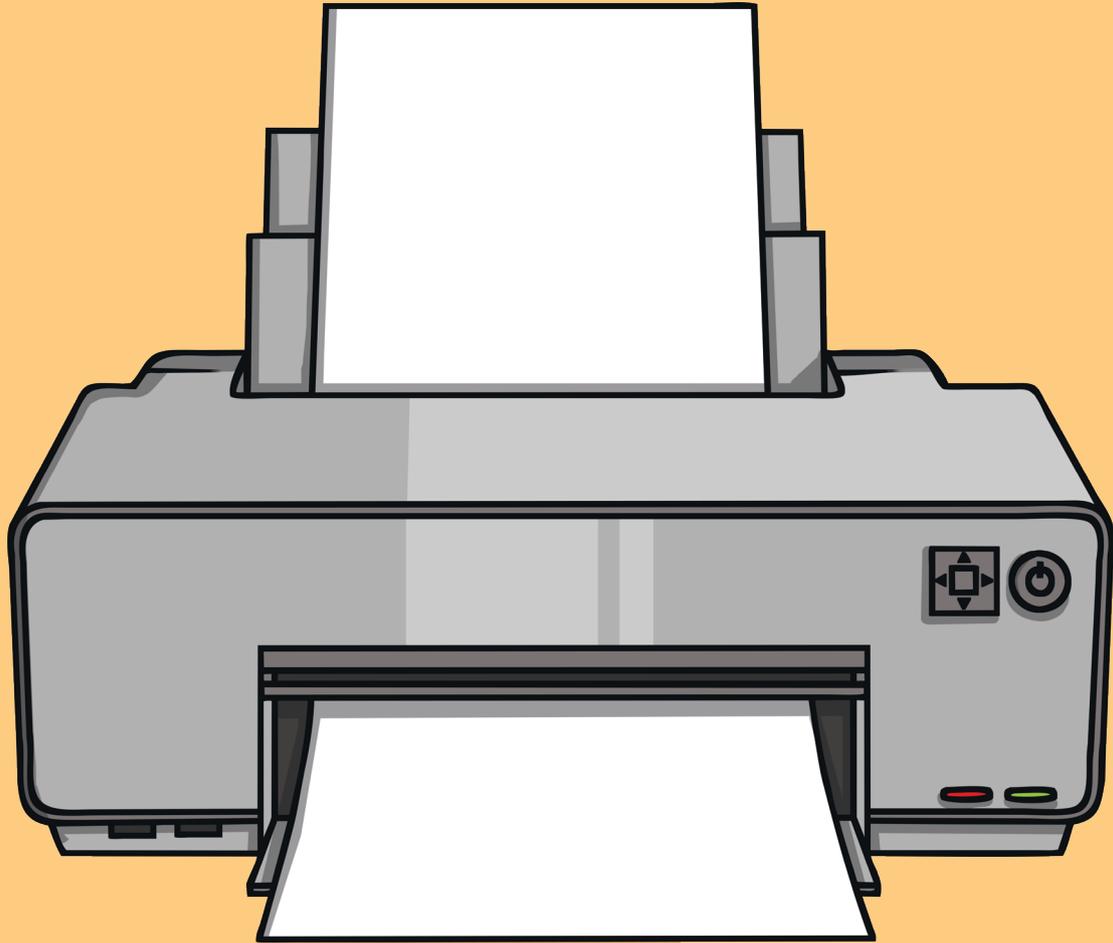

Finally, glue the bunny's cheeks, nose, whiskers, ears and feet into place.
